innovative
companies**

by CII industrial innovation
awards 2017

External Version

Wipro received its latest accolade when it was recognized as one of India's most Innovative Companies by CII Industrial Innovation Awards 2017 in its 4th edition on 24 October 2017 at New Delhi. The announcement was made at an event hosted by Confederation of Indian Industry.

The CII Industrial Innovation Awards recognize firms which process necessary resources to develop radical innovations and are committed to drive positive changes. These firms are renowned nationally and internationally for their innovative products and services. The applicants underwent a unique and rigorous innovation assessment & evaluation process.

- Industries such as healthcare, automobiles, retail, hospitality, fast food, chemicals, real estate, heavy machinery, power, iron and steel, IT services, robotics
- Catergories of enterprises such as Large, Medium, Micro & Small and Start-up
- Enterprises such as Apollo healthcare, Ashok Leyland, Cyient, GMR, Godrej, KFC, L&T Technology services, Siemens, Tata Steel

- 3 stages - Initial Submission, Assessor Site Visit & evaluation and Grand Jury Presentation
- Over 200 applicants from all regions of India
- 112 applicants invited for final application

- Wipro listed among the **most Innovative Companies**
- Learnings from a journey of discovering innovation in different parts of Wipro
- Cohesively articulating the Wipro innovation journey to external stakeholders

Wipro's solutions for the awards

The candidates were required to exhibit the value addition and benefits which they provided to its customers, Wipro and society/ecosystem.
